## WHAT'S UP? WHAT CAN WE DO?

### THE BAD NEWS:

Last year, when I was writing and calling chapter chairs asking about membership and activities, common to the conversations were comments like, “We don’t do much in our chapter,” or “We have a hard time getting all together to do things.” One chapter former president confirmed that the chapter had dissolved, but individuals would still like to be connected by receiving the electronic newsletter. I could do that. Another chair’s email box was continually full and would not accept posts. Neither did that chair answer phone calls. My hands were tied.

### THE GOOD NEWS:

but it has the potential. . . .See below:

Is this a harp chapter meeting? Probably not,

There may be something that can be done about the problem. While it is, for better or worse, a fact that our present day level of work expectations that were not so omnipresent thirty years ago (computers applications, for example, while making document creation faster and easier, also ramp up the expectations for faster and more communication), suck up our time, we find ourselves doing more to get through our day, our week, our season, and, as a result, we communicate less in a meaningful fashion with those around us. Face-to-face harp chapter communication is one of the victims of our own very busy lives. Hopefully, some of the chapter activities reported in this newsletter may help chapters who are struggling to put together activities for their chapters. Call one another, get together, if only to catch up with your colleagues’ news. Have your students get together and play = it’s a meeting.

The next newsletter will be in the Fall of 2010. Please send news of you or your chapter to me at [suzanne.moulton-gertig@du.edu](mailto:suzanne.moulton-gertig@du.edu) with a SUBJECT LINE that includes “AHS-Midwest” in it. I receive about 200 emails a day, with an inordinate amount of spam. I want to be sure that I recognize your post. It is difficult to pry news from you all, so please be more forthcoming! Much appreciated! If I missed some news from a chapter, my sincere apologies; it was inadvertent.

If you have received this newsletter, you have been identified as a chapter member somewhere here in the Midwestern Region. I you have received this from a friend who is a member and would like to be part of future email communications, send your email information to me with the same instructions, as in the paragraph above.
